Investment solutions
for life

Editorial

LUKB has over 170 years of experience in providing investment advice. In this demanding discipline, as in others, our clients appreciate our ability to combine continuity with innovation. And in personal contact with us, we remind them daily how we live our commitment to responsibility and to foresight.

“Our investment solutions place your assets in the best possible care. Today, tomorrow, and the day after.”

Our investment solutions are always centred around your needs. The product range is clearly structured and offers you well-defined services at well-defined prices. In the interests of transparency and consistent client focus, we largely waive sale commissions (retrocessions).

All of our investment solutions are committed to sustainability. We firmly believe that successful investment decisions rest on far-sightedness in approach and action combined with adherence to sustainability criteria.

We partner with you for years or even decades, offering investment options for your life as it is now, but with the flexibility to evolve with you in the future. LUKB's progressive investment solutions are the ideal basis on which to preserve and grow your wealth over the long term. We look forward to putting our expertise to work for you and your financial assets.

Assured investment solutions from LUKB

With our investment solutions, investing is as efficient as it is easy. Our solutions cover a whole variety of investment needs, from the E-Depot for independent investors, to our Investment Advice range, and through to Portfolio Management solutions with which you place the care of your assets entirely in the hands of LUKB.

Long-term capital preservation

Built on a forward-looking investment policy

Our investment solutions are founded on our forward-looking investment policy. This is based consistently on preserving your capital over the long term, and focused on LUKB's independent financial analysis.

Professional, dedicated service

At LUKB, you can count on the dedication and support of long-standing client advisors with a wealth of experience. They regularly review your investments to ensure that you always have the best solution, no matter what is going on in your life.

Comprehensive expertise for you

Depending on your chosen investment solution, you can call on LUKB expertise when making your decisions. You can contact your client advisor directly, or consult one of our helpful publications.

Sustainable on principle

Full transparency about all investments

Sustainability criteria are integrated systematically into the investment process for LUKB investment solutions. They are also made transparent. In this way, LUKB lays the foundation for better investment decisions and enables investors to invest responsibly.

Market returns

There are a number of benefits to applying sustainability (ESG) criteria to investing. It enables investors to minimise risks but also to grasp opportunities. The evidence shows that employing sustainability criteria helps to generate a market-level return on investment.

Solutions for every need

Tailored to your situation

To identify the right investment solution for you, we'll first work with you to define your personal investment strategy. This factors in your individual circumstances now and in the future, the time horizon for your investments, and your personal appetite for risk.

Switch easily as life changes

Our system makes it easy for you to switch to a different investment solution in accordance with your circumstances at any given time.

Clear services, transparent pricing

Up-front prices

We are completely clear and up-front about the fees for our investment solutions.

No sale commissions

With most of our solutions, we waive sale commissions (retrocessions).

Cryptocurrencies

At LUKB, you can trade various cryptocurrencies and deposit them securely.

We put our skill, precision and passion to work for your assets.

Keeping a constant eye on your portfolio

If you opt for Investment Advice Compact, Comfort or Premium (see page 10), you automatically benefit from the LUKB Portfolio Check. We monitor your securities portfolio for risk, and notify you if you need to act.

How you profit from the LUKB Portfolio Check:

- We regularly check that the composition of your investments matches your strategy
- LUKB experts monitor the investment quality of more than 2,800 individual securities. You will be notified immediately if the quality of one of your securities is downgraded
- If adjustments need to be made, you will be notified directly by text message or e-mail, or your client advisor will call you
- You receive regular written reports that give you a clear overview of the relevant risks

The precise scope of the Portfolio Check varies depending on the Investment Advice solution you choose.

Added value from LUKB Research

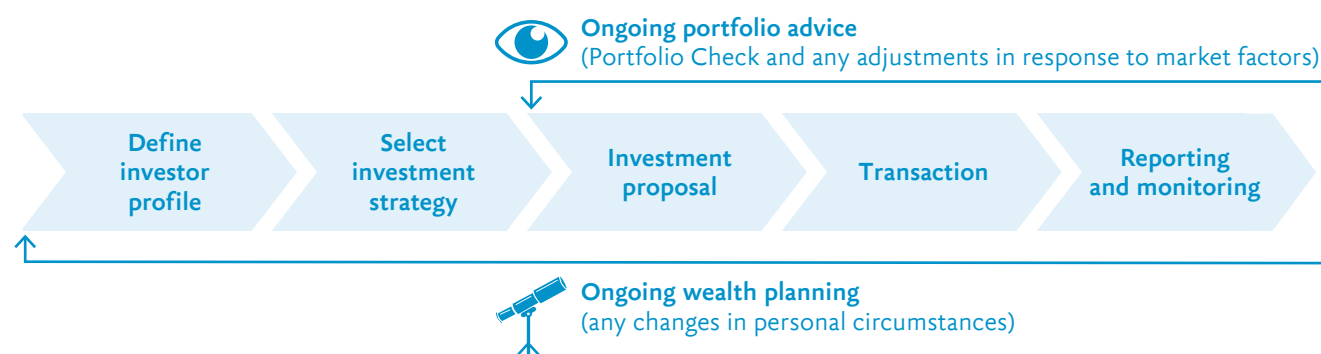

Whether you choose the Invest on Demand investment product or one of our three Investment Advice solutions, you'll get access to LUKB's extensive investment universe. LUKB Research analysts subject more than 2,800 securities to a systematic review of investment quality, enabling you to optimise your portfolio and make decisions that are backed by the facts.

LUKB Research offers you:

- An investment universe of more than 2,800 equities, bonds, investment funds and ETFs
- Straightforward LUKB investment quality classifications: preferred, good and poor
- Rapid search for securities and LUKB investment quality using e-banking
- Factsheets containing detailed information and analyses on equities and funds
- Access to selected investment opportunities as part of the Investment Advice Comfort and Premium mandates
- Sustainability assessments of equities and collective investment schemes. Rating according to recognised ESG criteria

Access to LUKB Research varies depending on the investment solution you choose.

The advisory and monitoring process

Extensive investment universe

Equities	- Universe of approx. 1,100 equities - Research takes a sector approach, identifying favourites in specific sectors and regions
Bonds	- Universe of approx. 1,500 bonds - Reviewed and monitored systematically
Collective investment schemes	- Universe of approx. 250 funds and ETFs - Broad coverage of a variety of asset classes and themes
Opportunities	- Themed additions to your portfolio - Investment ideas with the right instruments to put them into practice

Luzerner Kantonalbank – you're in safe hands

Clients have been trusting LUKB with their assets for over 170 years. Investment advice and portfolio management are just two of the Bank's traditional strengths. Our tried-and-trusted investment expertise is founded on the recommendations of our own Investment Office (investment strategy and tactics) and Financial Analysis (investment instruments) departments. At LUKB, we always place long-term performance at the centre of our investment policy.

As an independent bank with a staff of around 1,300, LUKB today ranks among the top ten Swiss banks, uniting all relevant specialists and services under a single roof. Operating as a full-service bank, LUKB offers its clients the full range of modern financial solutions.

Luzerner Kantonalbank's consistently excellent performance is recognised by the market and by rating agencies alike.

LUKB is a member of the United Nations' Principles for Responsible Investment (UN PRI) network, and has therefore committed to integrating sustainability factors (ESG criteria) into every stage of the investment and advisory process.
